

A Modern Fruits Seller

The Problem

- You are a modern fruits seller with a web site showing the fruits you are selling.
- You obtained your fruits from a modern fruits distributor that has created a web service for you to consume.
- The distributor informed you that you are able to subscribe to the web service at <http://ucca3224.azurewebsites.net/webservice1.asmx>
- Question
 - You as the service consumer, subscribe to the web service from the service provider.
 - Allow your clients to see the products that you are selling in your web site.
 - Sample output of your web site is as shown in Figure 1.

Web site of a modern fruit seller
